Welcome to DialogLink - Version 5
Revolutionize the Way You Work!

New on Dialog
Enhanced Derwent World Patents Index Now Available

The enhanced *Derwent World Patents Index*® (*DWPI*SM) (Files 350,351,352) is now available on Dialog. The improvements implemented in *DWPI* on Dialog further extend the database's rich content set and enhances overall functionality of the database.

In addition to distilled expert analysis reflected in *DWPI* expanded titles and abstracts, other enhancements include original patent filing details, multiple patent images, easy cut-and-paste patent family data, and much more.

The new templates include new features that will help you manage and distribute your *DWPI* search results in an attractive format.

Learn about all of the new DWPI enhancements and report templates at
http://www.dialog.com/dwpi.

DialogLink 5 Release Notes
New features available in the latest release of DialogLink 5 (November 2005)

• Ability to resize images for easier incorporation into DialogLink Reports
• New settings allow users to be prompted to save Dialog search sessions in the format of their choice (Microsoft Word, RTF, PDF, HTML, or TEXT)
• Ability to set up Dialog Alerts by Chemical Structures and the addition of Index Chemicus as a structure searchable database
• Support for connections to STN Germany and STN Japan services
